

Population Distribution by Race in 1990

- Center of Pop for Non-Latinx Whites
- Center of Pop for Non-Latinx Blacks
- Center of Pop for Non-Latinx Asians & Other
- Center of Pop for Latinx of Any Race

Population distribution is shown as a field of one randomly located dot per ten people in each Census block group, using the same color code as the centers of population.

Data for 1970-2010 is from the IPUMS National Historical GIS, University of Minnesota, www.nhgis.org. Data from 2016 from the US Census American Communities Survey. Present-day county borders, transit, and roadways are shown on all years' maps.
